LOCAL AND PERSONAL.

Quite a number of Hondo people joined the throng Sunday that picniced at Medina Lake. Rev. Walter Golatka of St. Mary's Academy, San Antonio, officiated at a 10 o'clock mass, after which a fine barbecue dinner was served, cafeteria style, and the afternoon spent in various forms of sport. The purpose of the meeting was to promote the building of a Catholic chapel at the lake, and the movement is being sponsored by the Knights of Columbus of San Antonio.

Several showers at frequent intervals this week—and some of them of sufficient proportions to be regarded as good rains in time of need—have kept everything wet this week and vegetation is growing rapidly. While the rain was not needed at this time, and one could wish that it might be more evenly distributed, so far we have heard no complaints of too much.

District Attorney L. J. Brucks returned the first of the week from Del Rio where he finished up the spring term of District Court for Judge Joe Jones with whom he had exchanged benches on account of being interested as an attorney, and therefore disqualified to act as judge, in many of the cases in Medina County.

J. Herlick of Bisbee, Arizona, a stockholder in the Medina Oil Co., was here this week looking over the company property. He was well pleased with the outlook for oil production and was particularly delighted with the county as a farming country.

Albert Schutze is here from San Antonio compiling a list of the poll tax payers of Medina County. The list when complete will be printed in a booklet, and will be a valuable compilation for any one needing to reach the citizenship of the county.

Clint Rogers was here over Sunday from Hull, Texas, where he is working for a big oil company in the chemical department. He spent a day with his parents, Mr. and Mrs. C. C. Rogers, and returned to his work Monday.

And W. Martin was a business caller at this office Wednesday. John S. Koch sends the paper to his son, Steve Koch, at Houston. Steve is employed in the plumber's trade and is making good.

The local Chapter of Royal Arch Masons will hold a regular meeting next Tuesday night, May 4th. Degree work will be put on. All Royal Arch Masons are urged to attend.

C. E. McCashin passed through Hondo this week going to and returning from Con Con where he went to make flood observations for the Board of Water Engineers.

Hondo City Lodge No. 756, A. F. & A. M. will hold a special called meeting next Monday night, May 3rd, to confer an Entered Apprentice degree.

Lero Wiemers, youngest son of Mr. and Mrs. John Wiemers, was a patient at Hondo Hospital last week.

Miss Lucille Boon spent part of her grand-paents, Mr. and Mrs. Wm. Fiesta week in San Antonio visiting Boon.

Mrs. Fabian Hicks of Tarpley and Mrs. Teresa Bendele are both staying for some time with the J. L. Mechler family here.

Mrs. W. B. Hood of Tarpley was able to leave the Hondo Hospital after having had a successful operation for appendicitis.

The State Board of Education on Tuesday purchased \$1,500 of the school district bonds of Medina County Common School District No. 12.

Tax Assessor L. E. Heath advises us that he is doing his utmost in trying to close up all tax renditions by April 30th, but on account of a serious handicap of having one of his eyes treated which failed him some two months ago, he is extending the time in which to make renditions to May 8th. If you have not made your tax rendition see him at once.

M. Strakosch of Austin, Texas, is here interviewing our German speaking people in the interest of the Freie Presse fuer Texas, and will be glad to receipt you for your subscription. See his announcement elsewhere in this paper and see him and subscribe for his paper. Incidentally, he can make you an interesting combination offer of Farming, our monthly farm and home paper, and the Freie Presse together. Ask him about it.

FREIE PRESSE FUER TEXAS

The Only Semi-Weekly in the German Language in the State of Texas
PUBLISHED BY TEXAS FREE PRESS PUBLISHING CO., INC.
ROBERT G. PENNIGER, MANAGING EDITOR
Over 60 Years In Existence Widest Circulation
Established 1865. Throughout The State.

Mr. M. Strakosch is the traveling representative for the Free Press for Texas with the authority to close contracts for subscriptions and advertising and collect for same.

We have just made arrangements by which we print the insides for another German language Weekly, "The Lavaca County Nachrichten" at Halleitville, Texas, covering locally the counties of Lavaca, Fayette, Gonzales, DeWitt, Wharton, etc. This increases our advertising field materially.

The Free Press for Texas is devoted to the interest of the Germans in the State of Texas. It constitutes since 60 years and advertising medium of exceptional value for reaching in a thorough and effective manner the Germans, Austrians and Swiss all over the State of Texas and partially in the other States of America and Mexico. Every effort is made to give advertisers most satisfactory service.

M. Strakosch, Representative.
Hotel Armstrong, Hondo, Texas.

O. H. Brucks, Jno. G. Brucks and A. B. Brucks, accompanied by their families, were among those who went to San Antonio Tuesday morning to attend the funeral of Miss Nettie Merz, who died after a lingering illness in a sanitarium at Boerne. She was the daughter of Mrs. Theresa Merz (nee Brucks) of 1333 Hays St., San Antonio, Texas, and was buried in the Mission Cemetery near that city. A large number of relatives and friends followed her body to the grave.

Chautauqua week and a linotype that has persistently refused to function normally most of the week has made us late again—one of the unavoidable discords in the otherwise harmonious flow of an editor's tranquil life. But maybe we will get back on time some time and get to go to press at our regular hour—Friday noon. Help us by giving us your copy early please.

A private letter from J. B. Hurt brings the information that he has been transferred from Seguin to Victoria and will move his family to the latter city as soon as the school is out at Seguin.

THE CHAUTAUQUA OVER.

Tuesday, Wednesday and Thursday were Chautauqua days in Hondo, and each afternoon and night entertainment lovers were favored with both a lecture and a concert.

If possible the program was as a whole better than ever before. The entertainment features were varied and carried a little of something to suit every taste and not enough to surfeit any one with anything. It was high class and clean in every particular.

While each of the lecturers were in bad voice, their lectures were well thought out and each carried a useful and uplifting message. No one could follow them without receiving a mental stimulus and a moral uplift.

Owing to the country people being very busy with their crops and the weather at other times threatening, the attendance was not so large as last year and the guarantors will be called upon to make good a small deficit, but undaunted by that a contract was signed up for the Chautauqua's return next season.

MARTIN'S EGG PRODUCER.

Martin's Egg Producer is a combination of chemicals and herbs that assists the different organs of the fowl in producing eggs and is guaranteed to give satisfaction or your money back. For poultry that have been exposed to blood-sucking insects use Martin's Poultry Tone to be given in the feed, and paint hen house with Martin's Roost Paint, a tar product that is effective and lasting.

In Chevrolet you get more for your money than in any other car built.

You get every essential improvement developed by automotive engineers during the last twelve years of progress.

You get the greater flexibility of Chevrolet's 3-speed transmission—the greater power and smoothness of Chevrolet's valve-in-head motor—the easier, safer handling of Chevrolet's semi-reversible steering gear—the greater comfort of semi-elliptic springs.

Buy no other low-priced car until you have compared it with Chevrolet. Check point for point—feature for feature. Know what you are actually getting for the price you pay. Let us give you a demonstration.

From the Huajillo Leaf.

I believe in Hondo—where life sparkles and men live long; where they gain much, enjoy much.

I believe in Hondo—where the kind earth's increase, refreshed by rapid flowing springs, is lavish of many colored flowers; green growing things, ripe of red cherries and plums.

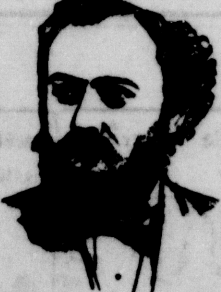

I believe in Hondo—where the oil wells flash out from earthly ground, where the mocking bird, gray as the Spanish moss festooned from its perch, chants all through the silver "moon light."

I believe in Hondo—where the people yet watch over a city strong, ambitious, regnant amid the quickening opulence of Texas, Lone Star State.

From School Teacher To Great Eminence

A young man who was brought up on a farm, qualified for district school teacher, then managed to save enough money to put him thru medical college.

Later, he moved to Buffalo, N. Y. and today the name of this man, Dr. R. V. Pierce, is known throughout the world. His Golden Medical Discovery is the best known blood medicine and tonic. More than fifty million bottles have been sold. If your dealer does not sell the Discovery, in liquid or tablet form, you can obtain a pkg. of the tablets by sending 65c to the Dr. Pierce Clinic, in Buffalo, N. Y. Also write for free medical advice.

HEAVY RAINS IN MEDINA HINDER DRILLING.

K. Reager in Medina County has a showing of oil in the Anacho lime at 910 feet. Heavy rains the past week in Medina have interfered with most of the oil development work and very little progress has been made in most of the wells. Grayburg is in the Edwards lime at about 2,200 in the P. S. Ward No. 1 and Plateau is drilling at 1,115 on survey 72 1/2.

In the shallow field four miles south of Hondo, Medina Oil Company's No. 4 Taylor located 300 feet south of the discovery well is drilling at 170 feet and Buchanan is setting 6 1/2-inch to test his Odom No. 1, with a showing of oil and gas at 266. Golden West's Odom No. 2 is underreaming to set 8-inch casing at 340 being within 16 feet of the depth where the discovery well came in with such big production for such shallow depth.

Jacobs & Powell are drilling at 430 in the Haegelin and Yantis et al is drilling at 175 in the Haegelin. Ina Oil Company has spudded in on the No. 1 Finger with a Star machine and has made 50 feet and on the Hoffman farm in survey 113 due west of the Ina field Ina Oil Company was moving out derrick timbers and expecting to erect the derrick Saturday. Gibson Oil Corporation No. 1 Faesler in survey 808 is drilling at about 400 feet. Henderson & Holden spudded in the No. 2 Adams 1,600 feet east of their No. 1 which was completed as a gas well and have shut down on account of the wet weather and high water.—Monday's Express.

CECIL SWITZER TEST DRILLING AT 1320.

Ten-inch casing has been set at 1,125 feet in the Zerr No. 1 being drilled in Medina County by Cecil Switzer and the test is now drilling at 1,320 feet in the Edwards lime which it has topped off. The test is located north-west of Hondo and for a time has been having trouble with a crooked hole but this has been straightened out and better progress will be made from this on.

Comparisons with other wells is said to indicate that the test has hit the Edwards high and is proving to be on a structure. It is planned to make a 3,000-foot test which will carry it down to the Pennsylvania and with the formations running above normal those working on the well are expecting to make it a producer.

The geologist working out the area believes there is a cross structure and conditions geologically that make the location favorable for the accumulation of oil. The Edwards lime at the present depth is very hard and drilling is progressing rather slowly on that account.—Wednesday's Express.

THE REINDEER.

The teacher had been giving a lesson on the reindeer—its habits, habits and uses. One little chap was not paying the slightest attention, so the teacher pounced on him.

"Now, what is the use of the reindeer?" she asked him.

The startled youngster looked up, paused and then replied, "Please, ma'am, it makes things grow."

SPARE THEM.

Some day when we walk in the forest and find its sweet noises are stilled—
No sound from the trees we remember were once with the bird voices filled,
We'll wake up, and know we are guilty, and think of the song-birds we killed.

Oh, yes; you are innocent, maybe; you never go out and shoot birds,
But what of your friends and your children? Have you even labored with words
To show them the crime of their action—a crime that was born at man's birth—
The lust of the chase that is driving the song bird forever from earth?

We may all be Nimrods, we people, yet sportsmen steer far from such things
As killing a bird that is useful and makes our heart glad when it sings,
And leave but two classes of hunters who slaughter the birds, sweet and wild—
The birds that have made the world better—the brute and the mischievous child.

Perhaps a hard heart may be softened, and surely a child may be taught
To see in the song bird the beauties that God's mighty power has wrought,
And maybe the hand on the trigger will halt at the crime of the thing—
The killing of birds that can help us, and they will be spared us to sing.

By Harry Lee Marriner.

PRAYER OF A SPORTSMAN.

Dear Lord, in the battle that goes on through life
I ask but a field that is fair,
A chance that is equal with all in strife,
A courage to strive and to dare;
And if I should win, let it be by the code
With my faith and my honor held high;
And if I should lose, let me stand by the road,
And cheer as the winners go by.

And Lord, may my shouts be ungrudging and clear,
A tribute that comes from the heart,
And let me not cherish a snarl nor a sneer
Or play any sniveling part;
Let me say: "There they ride, on whom laurels bestowed
Since they played the game better than I."
Let me stand with a smile by the side of the road,
And cheer as the winners go by.

So grant me to conquer, if conquer I can,
By proving my worth in the fray,
But teach me to lose like a regular man,
And not like a craven, I pray;
Let me take off my hat to the warriors who strode
To victory splendid and high,
Yea, teach me to stand by the side of the road
And cheer as the winners go by.—Selected.

GRAND JURY REPORT.

THE STATE OF TEXAS,
County of Medina,

In District Court of Medina County
Texas, Spring Term, 1926.
To the Honorable Joe Jones
Judge presiding:

We, the Foreman and members
of the Grand Jury, empanelled and
sworn in and for Medina County,
Texas, beg leave to submit this our
final report:
We have diligently and thorough-
ly examined into all matters of a
criminal nature which have come to
our attention, and have returned
Six True Bills.

We have inspected the jail, and
find same in a neat and sanitary
condition.

From information which has
come to us, we find that some of
the physicians practicing in Medina
County are failing to observe the law
with reference to filing with the
County Clerk, report of Vital Statis-
tics and the same general complaint
reaches the Grand Jury with refer-
ence to certain of the Undertakers.
We deeply deplore this omission on
the part of those charged with the
duty of filing these reports, and sug-
gest that, should this condition con-
tinue to exit, that future Grand
Juries take some action seeking to
have these reports filled as provided
by law.

We wish to thank your Honor
for your clear and able charge, and to
say that same has been of much as-
sistance to us in the discharge of
our duties.

Having concluded our duties,
we now ask that your Honor dis-
charge us finally from further labors,
subject of course to recall, should
the public interest demand same.
Respectfully submitted,
JOS. KOCH,
Foreman.

A MESSAGE OF SYMPATHY FROM THE PARENT-TEACHERS AS- SOCIATION TO MRS. JOHN W. GRIFFIS.

Dear Friend and Member of
Our Organization:
Words are inadequate to ex-
press our deep sympathy for you in
your recent bereavement.

We know that death under all
circumstances is sad. When he
enters our home and takes the in-
nocent child, we see our fondest
hopes blighted. When he claims as
his victim the aged father or mother,
we are deprived of our counselors
and guides but when he lays his icy
fingers upon those in the prime of
life like our loyal friend, John W.
Griffis, we are dumb in amazement
and in our feeble manner can only
offer our sympathy and message of
condolence in these few brief res-
olutions:

Resolved first: That in the death
of Brother Griffis the county of Me-
dina and the town of Hondo and
particularly the school has lost a
loyal friend and supporter of every
good cause.

Resolved second: That we are
conscious of the fact that comfort
can only come from our heavenly
Father Whom he loved and served
while here and to Him would we
commend his wife and children for
sustaining comfort.

Resolved third: That a copy of
these resolutions be sent to the
family, one copy to the local paper
for publication and one be recorded
in the pages of our minutes.

From The Huajillo Leaf.

Beauty, beauty everywhere and
no one can deny it. Everything is
bright and fair so why should we
deny it. The sun shines bright and
cheerful, our goal is almost won;
shall we find joy or sorrow at the
setting of the sun? Though to some
come disappointments, life is only
what we make it; opportunity is
waiting if we only strive to take it.
Though the sky is bright to-day and
darkening tomorrow, only by our
own dark ways we have brought
about the sorrow. We all have our
share of troubles, no one in the
game is slighted; if we bear up and
are noble, every error will be right-
ed. As each sour hath its sweet
and every sweet its sour, so we have
a fateful trial even in a happy hour.
Many a frown may be avoided,
tasks will not such torture seem,
when we all believe the saying:
"Life is not an empty dream!"

DOUBLING UP.

A teacher of music in a public
school was trying to impress upon
her pupils the meaning of f and ff
in a song that they were about to
learn. After explaining the first
sign, she said: "Now, children, what
do you say if f means forte, what
does ff mean?"
"Eighty!" shouted one enthusiastic
pupil.

62 MILE HIGHWAY PAVING ORDERED.

Bids for surfacing 27 miles of the San Antonio-Del Rio Road, State Highway No. 3, in Uvalde County, were opened by the county commissioners' court at Uvalde Wednesday. Maj. W. F. Huston, engineer in charge of the San Antonio district, announced following his return from meeting with the court.

The Lone Star Construction Company of San Antonio bid \$121,574.40 for the work and their proposal was accepted, subject to the ratification of the State Highway Commission, Major Huston said.

Bids were opened Tuesday at Hondo for 35.30 miles of surface in Medina County on the same highway. Colglazier & Hoff of San Antonio were low, offering to do the work for \$171,003.12, also subject to the approval of the State Highway Commission.

The surface will consist of one-inch limestone asphalt in both instances, Major Huston said. Figured on a square yard basis, the Uvalde project will cost 47 1-2 cents per square yard and the Medina County top 50 cents per square yard.

The Uvalde County surfacing will begin at the Medina County line and extend to a point about one mile west of the town of Uvalde. The Medina County surface will extend from the county line to county line, excepting a gap of about four miles.

Colglazier & Hoff were bidders also on the Uvalde County project, offering to do the work for \$124,328.86 and the Chapin Construction Company, also of San Antonio, bid \$136,371.76.

Maj. Huston said that plans for surfacing the Castrovilla Road in Bexar County, from a point on the Medio Creek, 12 miles from San Antonio, to the Medina County line, a distance of about eight miles, are being revised and that project will probably be let soon. This work is in the San Antonio-Del Rio Road also, and when it is completed will be a black top for an unbroken stretch of 88 miles, save the four mile gap in Medina County, which will be filled in soon, Maj. Huston said.

Before the eight miles of surface on the Castrovilla Road in Bexar County can be laid, that section will have to be rebuilt and regraded, having been constructed about a year ago, Maj. Huston said. Judge Augustus McCloskey has assured the highway commission that this will be done and plans are being formulated, he said. Thursday's Express.

FACULTY RE-ELECTED.

At a meeting of the Board of Education of the Hondo Independent School District the entire faculty of 1925-26 was re-elected for the coming school year. This was done through the recommendation of the Superintendent P. P. Brewster. The faculty will be composed of the following teachers if all remain: Negro School, Mrs. A. E. Watson; Mexican School, Miss Edna Graff; American School, Miss Lena Stone, Miss Ruth Edwards, Miss Willie D. BIG IMPROVEMENT AT COLONIAL.

The work of enlarging the Colonial Theater by building an extension on the west end had progressed sufficiently for the new part to be opened to the public Thursday night. The floor has been lowered from the front to the west so that an unobstructed view of the screen is now possible from every part of the building, and regular opera chairs have been installed. This assures the patrons much more comfort and satisfaction in viewing the productions at this popular play house.

Indigestion

bad spells relieved

"NOTHING can take the place of Thedford's Black-Draught with us because we have never found anything at once so mild and so effective," says Mrs. Hugh Nichols, R. F. D. 4, Princeton, Ky.

"When the children have spells of indigestion and upset stomachs, I always straighten them out with a dose or two of Black-Draught."

"Several times I have suffered with bad spells of indigestion myself and found I would soon get relief if I took a course of Black-Draught. I was troubled with a bad accumulation of gas and severe pains across my stomach and lower bowels. Now when I feel a spell of this kind coming on, I head it off by taking Black-Draught—a dose every night for a few nights will prevent the trouble and save me much pain and suffering."

"My whole family uses Black-Draught for biliousness and constipation."

"It is a splendid medicine."

BASKET BALL GIRLS HAVE SLUMBER PARTY.

From the Huajillo Leaf.

On Friday, April 23 the Basket ball girls had a slumber party. The girls met at the home of Mrs. Will McClaugherty where a truck was waiting to take them riding. They enjoyed riding around town singing and giving the school yells. At eight the truck stopped at the show and seventeen merry girls went in where seats had been reserved for them.

After the show they all went back to the home of Mrs. McClaugherty and at twelve o'clock ate supper. After supper the girls amused themselves by telling ghost stories and doing stunts. At "three o'clock in the morning" a freezer of ice cream was made and joyfully eaten by the girls.

The beds were finally put on the floor and everyone slept (?) together. Two or three girls tried to sleep but it was impossible. Several of the girls enjoyed themselves after the others had gone to bed by hiding and tying knots in the rest of the girls' clothes. When the girls started to put on their clothes the next morning of course some of them were missing, and there was quite a hunt until they were all found.

About six o'clock everyone went on a hike and cooked their breakfast. The "whole bunch" was very tired after they returned and when they were safely at home the most of them slept all day Saturday.

Those present were: Miss Lewis, Mrs. Cockrell, Elvira Rothe, Anne Davis, Rhoda Mae Taylor, Pauline Metzger, Jo Miller, Lillian Ulbrich, Lizzie Wright, Janice Holloway, Janet Kimmey, Marguerite Newton, Elizabeth Wilson, Hermine Nester, Rose Neuman, Vera Whitley and Ruth McClaugherty.

HONDO SCORES ANOTHER VICTORY OVER DEVINE.

From the Huajillo Leaf.

On Friday, April 2, Hondo defeated Devine here by a score of 5 to 3. This gives Hondo a second victory over Devine, the previous score being 4 to 0. Bradley pitched a good game for Hondo, and had good support. Wuest, pitcher for Devine, also pitched well.

INA OIL COMPANY IS RIGGING UP FOR HUFFMAN TEST.

Operations in Medina County have not gotten under full headway since the big rain but several tests are due to attract considerable interest from this on till completed. Plateau at around 1,250 in the western part of the county will begin to pick up formations showing whether it is running high or low. Henderson & Holden are drilling on their No. 2 located 1,600 feet east of their gasser and it is an interesting test.

Ina Oil Company, which has gotten started on the test on the Finger tract and is rigging up on the Hoffman test on survey 113. Kittle & Townley have replaced the spudder on their No. 2 Richter with a Star machine. Jacobs & Powell have abandoned their Haegelin test at 430 feet. Medina Oil Co. is drilling at 275 feet in the Taylor No. 4 and are moving in a rig on the Robert Haegelin farm 1 1/2 miles south of their shallow field. Golden West's No. 2 Odom is drilling at 455, and is below the depth where the Taylor No. 1 got such big production at 356. K. Reager is shut down at 1,001 feet in the Langfeld test and is drilling at about 200 feet on the Schrieber test.—Thursday's Express.

HONDO DEFEATS YANCEY IN DOUBLE HEADER.

From the Huajillo Leaf.

Yancey went down to disastrous defeat twice at the hands of the Hondo nine, Saturday, April 24. The score of the first game was 15-4 and the second 5-4.

In the first game Jack Bradley and Chancey King had a 100% batting average. Chancey brought in two runs by a homer over the left-field fence.

The second game was "tighter" and more interesting. The score at the beginning of the last inning was 4-3 in favor of Yancey. In the last inning Windrow got a two base hit and brought in the two winning runs.

The feature of the second game was the infield work of Otis Schuehle.

HONORS DIVIDED IN DISTRICT MEET.

From the Huajillo Leaf.

In the twenty-third District Inter-scholastic Meet, held at Uvalde April 16 and 17, three schools, Uvalde, Eagle Pass and Crystal City, tied for the District. Hondo placed only one person in the literary events and two in track. Howard Short won the 120-high hurdles and Otis Schuehle placed third and fourth in the broad jump and high jump respectively. Gertrude Harris won third place in Junior Girls' declamations.

Carrizo Springs won the track and field meet with Devine second and Yancey third.

ROHRBACH -- RIEBER.

The ceremony uniting in marriage Alfred Rohrbach and Miss Laura Rieber, daughter of Mr. and Mrs. Louis Rieber, took place Tuesday morning, April 20, at 8 o'clock in Holy Cross Catholic Church with Very Rev. F. Maas officiating.

The central aisle of the church was bordered with tall ferns, and on the altar vases held beautiful white roses.

While Miss Lucy Rothe played on the organ the bridal chorus from Lohengrin the following entered: Leonard Koch groomsmen, with Miss Lena Reinhart, bridesmaid Miss Nettie Rieber, sister of the bride, as maid of honor, was followed by little Miss Gladys Rieber, flower girl, and little Clinton Carle, ring bearer.

The bride, who was accompanied by her father, was met at the chancel steps by the groom and his best man, Charles Rohrbach.

The bride was lovely in a beautiful tan georgette crepe dress over which she wore a coat of tan, and a large hat and accessories of tan. Her bouquet consisted of bride's roses, white carnations and sweet peas. The maid of honor and bridesmaid were attired in green. They carried arm bouquets of pink carnations and roses.

An informal reception in the home of the bride's parents followed the church ceremony, and later in the day Mr. and Mrs. Rohrbach departed

for a brief trip to Galveston. Both bride and groom were reared in D'Hanis and have a host of friends who rejoice that they remain in this community.

BASEBALL.

In our last week's baseball report, in giving the names of the members of the club, the names of Joe Mueller, efficient third base man and J. P. Ephraim, secretary and treasurer of the club, were inadvertently omitted.

Sunday D'Hanis won its fifth game by defeating the Alamo City Independents of San Antonio 4 to 2. Thomas Koch for the locals allowed five hits and struck out 14 batters.

D'Hanis presented an airtight defense in this game and gleaned ten hits off the visiting pitcher.

Next Sunday LaCoste plays D'Hanis at D'Hanis.

MEDINA COUNTY STUDENT AID-ED BY FOUNDATION LOAN FUND.

Over 170 students have been enabled to continue their agricultural studies at the Texas A. & M. College during the school year 1925-26, by taking advantage of the Sears-Roebuck Agricultural Foundation \$25,000 loan fund according to A. K. Short, chief of the foundation, Dallas. A Medina county agricultural student who has made use of the fund is Clyde B. Kennington of Devine. The foundation student loan fund is administered by the Ex-students' Association of the college, of which Colonel Ike Ashburn is Secretary.

"The boys who earn part or all of their expenses through the A. & M. College are rated as real men by their classmates", declares Colonel Ashburn. "Many of the outstanding students who lead in collegiate activities and men who are making good in the business and professional world had no easy task to finance their way through college. Almost any young man who really wants to earn his expenses while getting an education can do so if he has the grit and stick-to-itiveness."

Colonel Ashburn reports that students use many unique ways in earning their expenses through college. They wait on tables, conduct hamburger and peanut stands, handle baggage, deliver letters and packages, mow lawns, set type in print shops and work at other odd jobs. One student earned \$400 after his second year in college by working two shifts of eight hours each per day on a pipe line in an oil field during the entire summer. He returned to college in the fall with enough money to pay off his notes.

AN IMPORTANT LOSS.

It was his first motor car and it was her first ride in one. Accordingly, both had looked forward to this particular afternoon for some time previously. Everything went quite well until the return journey; then things began to happen.

"My goodness!" exclaimed the young man.

"What's the matter?" she asked.

"The engine's missing again," he replied between set teeth.

She looked appropriately distressed.

"Good gracious!" she cried in consternation. "Where did we drop it?"—Capper's Weekly.
